

Whitecraigs Junior Programme Update

We are aware that there have been a few technical issues with Clubspark bookings for the junior courses, and that the list we were given seems to be out of date with many juniors having already moved up a level in previous blocks but this was not recorded on the list we were given.

We have also listened to your feedback about session timings and have made improvements to try to facilitate this where possible.

The main changes we have made and issues to note are as follows:

Booking sessions

- Instead of emailing direct links to the sessions we have been told your child should be booking, we have listed session types, days & times below so that you can select the sessions your child should be attending. If you are unsure or your child is new to tennis, then please contact us using the contact details given below.
- Specific courses may still be sent out as direct links for specific sessions - these are generally for green & yellow ball compete.
- Some of the sessions have been altered to accommodate significant changes to the numbers of children at each level, so if one of the direct links in your original email doesn't work then please use the links below.

Clubspark

- If your child is a member but was not recognised by the Clubspark system, then you may have been charged the non-member prices – if this is the case then please contact us.
- If you are unable to book using Clubspark then please contact us, and we can book your child into the session manually. You can transfer payment directly into the Whitecraigs club bank account.

Friday Free Sessions & Tots tennis

- The Friday free sessions are not running until Fri 9th September and will be able to be booked via Clubspark on Fri 2nd Sept.
- The Method Tennis app is no longer being used by the club so DO NOT use the Method Tennis app.
- Tots tennis will start again with the new block with 2 sessions on a Saturday from 12-12.30 and 13.30-13.00. Further information will be sent out nearer to the time about booking arrangements.

Session descriptions and capacity

- If a session is shown as play/compete or learn/play, then the coaches will assess the children and split them onto different courts to best suit their development needs. We are using the learn/play/compete terminology for this block to allow you to identify which session might be best suited for your child and intend to change this for the next block.
- Sessions may be amended in response to numbers and your feedback e.g. if there is large demand for one session then we may expand that session onto more courts.

- The 'compete' description does not mean a child has to be competing to be in this session, it just means that they have reached a certain level of ability. If your child does not wish to compete, then that's absolutely fine.

Feedback

We would very much welcome feedback on what works and what doesn't, so that we can continuously improve our junior coaching programme.

If you have any suggestions for improvements or you would like to be more involved in any way (such as being Team Captain for one of the Junior teams or being involved in the junior tennis committee) then please contact us.
